#### Outcome of resolution actions

**166T.** The Reserve Bank may exercise and perform its resolution powers in terms of this Part, and its associated powers, in relation to a liability of a designated institution in resolution in a way that results in the liability being substituted with a shareholding in the designated institution or in a bridge company. 50

**Creditor hierarchy and equality of claims**

**166U.** (1) The Reserve Bank must not take a resolution action, and must ensure that a designated institution in resolution does not take a resolution action, if it appears to the Reserve Bank that the result of the action would be that the value of a claim of a creditor of the designated institution would be reduced. 5

(2) Subsection (1) does not apply—

(a) to the claims of shareholders; or

(b) if the claims of creditors and shareholders of the designated institution that rank lower in the creditor hierarchy have been reduced to zero. 10

(3) Failure to comply with subsection (1) does not invalidate the action taken.

(2) The value of assets to which the creditor or shareholder becomes entitled in relation to the action must be taken into account in applying subsection (1). 30

(3) Failure to comply with subsection (1) does not invalidate an acquisition of property by a *bona fide* purchaser for value who is not aware of the failure to comply (but may give rise to a right to compensation in the creditor or shareholder). 35

(4) As soon as practicable after the Reserve Bank receives a valuation in terms of section 166Q(2) in respect of a designated institution in resolution, the Reserve Bank must—

(a) consider, having regard to the valuation, whether a creditor or shareholder of the designated institution received, in respect of resolution action, less than it would have received if the designated institution had been wound up; and 40

(b) if it considers that such a creditor or shareholder received less than it would have received if the designated institution had been wound up, determine the amount of the shortfall. 45

(5) If the Reserve Bank makes a determination in terms of subsection (4)(b), the creditor or shareholder is entitled to recover from the designated institution the amount of the shortfall.

(b) after payment of any unsecured creditors, apply the balance of the free residue in liquidation in the payment of any claims proved against the estate in question arising in connection with flac instruments as defined in this Act; and

(c) after the payment of flac instruments or, if no claims in connection with flac instruments have been made, then after the payment of unsecured creditors, apply the balance of the free residue in liquidation in the payment of any claims proved against the estate in question arising in connection with the amounts in terms of debt instruments designated as regulatory capital in terms of a financial sector law in the order prescribed in the financial sector law.

(3) Any payments made by the trustee or liquidator in terms of subsection (2)(c) must be paid in the order prescribed in the financial sector law or, if the financial sector law does not prescribe the order, they must rank equally and abate in equal proportion, if necessary.

(4) Notwithstanding the provisions of any law, the Reserve Bank must apply any money of the designated institution in resolution that becomes available to the resolution authority in paying the cost of the resolution and, subject to the provisions of this Act, in the payment of the claims of creditors which arose before the date of resolution.
